	The purpose of this amendatory change
	application is to match the point of
	diversion and place of use in a proof
	of beneficial use submitted on June 22,
	2015 under prior change application
	a39008. Upon approval, the proof will be
	applied to this new change application.
	It is noted that while the proof of
	beneficial use cited a storage reservoir,
	the state engineer views the pond
	described in the proof as a regulating
	reservoir, providing no storage
	benefit to this water right. After discussion
	with the applicant, the storage is
	omitted from this application.
